

Dear School Age Child Care Family:

Welcome to the Downriver Family YMCA's School Age Child Care program. Attached you will find the necessary enrollment information. All forms must be completed at the time for registration to secure your child a space in the program.

Our SACC programs are designed to provide a safe, nurturing environment with activities that promote a sense of physical, intellectual, emotional and social well-being. Children are encouraged to challenge their creative selves and develop new and lasting friendships.

A variety of positive, healthy and interesting activities are offered daily, including gym games, arts and crafts, individual and group choice activities, outdoor play, KidzLit and homework time. Our program gives kids a chance to experience the joy of interaction with their peers while positive role models guide them in daily learning adventures.

Under the care of our experienced staff, youth are encouraged to challenge their minds, nurture their spirits, and strengthen their bodies. Most important, the YMCA program enables parents to have a feeling of confidence that their child is being well cared for.

Thank you again for choosing the YMCA as your childcare provider. We look forward to serving you, and we hope that your experience with the YMCA School Age Care program is a positive and valuable one. If we can provide any further assistance please do not hesitate to call me or email me at: 734.282.9622 x205 or mmcintyre@ymcametrodetroit.org.

Sincerely,

Michelle McIntyre
Downriver Family YMCA
